

The pages that follow contain a variety of drawings which are designed to instruct you about the parts of a cell. Cell parts are identified with the function they perform. Following the lesson, there is a quiz designed to see how well you learned the material. As with other pages in Sci-ber Text, you navigate to the next or previous page using the buttons at the bottom of the page. You are also able to use the chapter tabs at the left to jump to a new section of sci-ber text.

Enjoy the show and good luck!
